PRESENTING THE CHECK to B. J. Hooper (left), Campaign Special Gifts Chairman and Dr. W. C. Petty (center), Campaign General Chairman is Lake Region Post No. 703 Commander Louis P. Olandese. The check presentation took place in the Countryside Hospital Campaign Headquarters after Petty and Hooper discussed the scale model and campaign with Olandese.

Gala Day For Firemen Nears

Excitement mounts in Antioch as the whole town gets ready to turn out to honor the fiftieth anniversary of the Antioch Fire Department on June 29.

Parade Marshal John Moran is a busy man as he lines up numerous outstanding units for the big parade. New parade entries are added to the long list every day. Sixteen fire departments will be represented in the parade, numerous marching bands, including Army and Navy bands, floats and other special features. The parade will start at 1 p.m. on the big day. There will be no parking on Main St. for the duration of the parade.

Firemen have 1,000 firemen's hats on hand to give to children on the big day. A clown will add further entertainment for the younger set. Open house at the Antioch Fire Station, a dance in the evening, a roast beef dinner at Wesley Hall and an ice cream social served by the Fireman's Club—these

will be some of the events that will keep visitors entertained throughout the day.

Class Of '05 To Meet Again

The 1905 graduates of Wilmot High School will gather for a re-union at the Colony House in Trevor on June 29.

There were seven members in the class 58 years ago when they graduated, but only five are left. Little E. Darby died in 1947 and Laura Loftus Perry in February of 1963.

The group held their first re-union 35 years after graduation; the next one was held in 1955, the 50th anniversary; they met next in 1960, and decided to meet every year thereafter.

Henry L. Blinn, valedictorian of the Class of '05, will host his classmates this year at the dinner. Remaining members, besides Mr. Blinn, are Mrs. Helen Carey Dobyns, of Mellen, Mrs. Edith Haff Allen of Green Valley, Ill., Miss Rosa M. Bufton of Kenosha, and Miss Grace M. Carey of Wilmot. Their ages range from 74 years through 78 years of age.

Dizzy Trout Speaker At Lions Club

Paul "Dizzy" Trout, ex-pitcher of the Detroit Tigers, will be the guest speaker at the Lions Club dinner meeting at Lorenz's Smart Country House on Monday, June 24.

Trout started his Major League career with the Detroit Tigers in 1939, and played his last season in 1952 with Boston.

In 1944, while playing with Detroit, he won 27 games and lost 14, and had an earned run average of 2.12.

Members Of Chamber Meet

The first general meeting of the newly organized Chamber of Commerce has been set for Monday, July 1, it was announced this week. The time and place for the meeting will be announced at a later date. The board of directors of the organization has been meeting regularly. It was learned, and several plans will be presented for approval or discussion.

The main topic is expected to be the new rate structure for membership dues. The board has voted to adopt a schedule presently used by the Zion Chamber of Commerce. The rates are based primarily on the number of employees and the type of business.

As the Chamber does not have a roster or an up to date mailing list, notice of the meeting will be given in next week's Antioch News. All merchants, business and professional people are urged to attend.

New Owner of Drije, Inc.

After 8 years in the automobile business in Antioch, the Drije Chevrolet Company, Inc., is no more.

John Teresi, 39, of Park Ridge, Ill., officially took over the reins of the firm Tuesday, June 18. The new firm will be known as the John Teresi Chevrolet and Oldsmobile, Inc.

"There are no changes in the staff anticipated and business will go on as usual," Teresi said. "We plan to increase both the Service and Showroom facilities," he added.

Presently residing in Park Ridge, Ill., with his wife Irene and two children, Gina Marie, 5, and Mariann, 9, Teresi said he definitely plans to move to Antioch in the near future.

John's hobbies are golf, swimming and boating. He is not completely new to the area as he has spent weekends and vacation periods here in past years.

Teresi's background in the automobile business include 4 years as owner of the Barter Rambler in Palatine and 5½ years with Brigance Chevrolet of Chicago. "I have been associated with the car business for over 16 years," Teresi said.

Teresi is also president of the Lakes Leasing Corporation, an auto leasing company with offices in Chicago.

When asked how he liked the town, Teresi said, "Very much, the more time I spend here, the better I like it. I was particularly amazed at the amount of traffic in the town during the week," he added.

Roger Drije, former owner of the firm said, "I don't have any definite plans for the future right now." Drije will operate the R & S Ranch on route 173 at least for the summer. The Ranch deals in boarding, renting and selling horses.

Aid Rolls Down

Springfield, Ill., June 10—After rising for four successive months the state public aid rolls fell in April by 7,335 persons, due mainly to declines in General Assistance, and to a lesser extent, in Disability Assistance, according to a report released today by Harold O. Swank, executive secretary of the Illinois Public Aid Commission.

Total number of recipients in Lake County was 2,696. Total amount paid out was \$130,985.00.

GOP Women To Meet

The 12th Congressional District Women's Republican Club will hold its annual meeting Friday, June 28, at Lakefield Farm, three miles north of Cary.

The meeting promises to be of utmost interest to all Republican women, according to Mrs. Raymond Craig, president. Deadline for reservations is June 24. Members and friends from Lake County may call Mrs. Robert Badger at EM 2-4403.

Mrs. W. C. Petty of Antioch is Area Director of the club.

Hospital Fund Gets First Special Memorial Gift

Lake Region Post No. 703, Fox Lake, The American Legion, has purchased the first Community Organization Special Gift of the Countryside Hospital Fund Raising Campaign.

B. J. Hooper, Campaign Special Gifts Chairman, said the \$4500 Special Gift Contribution will reserve the Flag Pole Plaza of Countryside in the name of members of Post No. 703.

Upon presenting the gift, Post Commander Louis P. Olandese said, "This gift is in memory of all the members of our Lake Region Post."

Hooper said, "The Special Gift opportunities range from \$500 for a drinking fountain to \$50,000 for the lobby of the hospital. These Special Gifts will make it possible for all of us to remember our loved ones, living and deceased. Many community organizations will be interested in these permanent gifts. Many individuals and families also will be interested in these opportunities. All Special Gifts Contributors' names will be recorded on a plaque and located on the equipment or within the area donated," Hooper added.

"The Special Gifts can be paid in cash or over a three year pledge period."

The Special Gift opportunities for the Countryside Hospital are:

Vehicle Tag Price Going Up July 1st

Sugar hoarders, bargain hunters, take heed. Prices on Antioch vehicle tags are going up on July 1.

Up to July 1 you can buy the sticker for your car for a mere \$5.00. After the first of July, the price goes up to \$7.00.

So announces Clarence Shultis, Village Clerk. A \$2 penalty after that date raises the price to \$7.00.

Clarence says 114 persons paid the penalty last year. And collections this year are at least as poor as last.

So unless you like to donate to the village coffers, better fix yourself to the village hall and take advantage of the present low price.

MISS ALICE SMITH, 95, received a belated degree from Valparaiso University last week, delivered by Postman August Burian.

Friends Honor Alice Smith

Miss Alice Smith, retired Antioch teacher, has been featured in news articles all over the country since she was granted a degree from Valparaiso University in Indiana at the age of 95.

Miss Smith earned her degree when she attended the University in the 1890's. She never received it because she was persuaded to leave the college and accept a teaching job just before graduation.

"Her friendship for us, we proudly esteem. For the reality of it is not an idle dream. So we ponder her name, then say, Alice, for short. For we're proud to be numbered With just her sort. And now that she's received her long-earned award. Our congratulation we extend in united accord."

Refreshments were served, and the group had an opportunity to view the many congratulatory cards and messages Miss Smith has received from all over the country.

Village Board Hires Engineer, Considers Apartment Plans

The Antioch Village Board held a special meeting Tuesday night, June 18, to finish up business not completed at the regular meeting. The board is seriously considering holding two regular meetings each month because of the many matters to be taken care of each month.

Mayor Cunningham read a letter from the county Highway department complaining that storm sewers on North

Ave. had not been replaced after they were torn up to lay the sewer lines. Edgar Simonson also pointed out that the sewer line on North Main from Poplar St. to the Antioch Clinic was apparently plugged from clay, etc., that washed in during construction.

Mrs. Jane Rundgren, a member of the Fund Drive committee for the County

side Hospital, requested permission to put up two banners advertising the drive, one at each end of Broadway. The board granted permission.

David Nissen, chairman of the zoning committee, presented a request from Lyn-Jay Builders to erect an apartment building on Route 21, near the Jedele & Cain building. The request was tabled pending proof of adequate parking provision. It was pointed out by board members and Edward Jacobs, village attorney, that the same builders who built the Tiffany Arms, have not fulfilled their promise to provide adequate parking and playgrounds for the building.

Permission was also requested to build a six-unit apartment building on Fill-weber Court. The board approved the proposed construction.

Discussion of a new, larger sewer line to be laid from the east edge of Bishop St. to the Antioch High School, through school property near the Soo Line Railroad tracks, across Route 173, back to Route 21, and extending to the village limits, brought up the matter of hiring an engineer for the job. David Miller has not been rehired as village engineer. The board voted to hire Mr. Angelotti of Applied Engineering for the sewer job.

Edgar Simonson reported that primer and sealer coats have been put on roads in Unit 1 in Oakwood Knolls, and roads in Unit 3 should be completed in 10 days.

Roger Williams reported that street lights were being installed in Industrial Acres. Edgar Simonson asked the permission of the board to install larger street lights on Victoria and Harden Sts., with longer arms projecting from the poles for better lighting. The board approved the change.

The matter of re-surfacing Spafford St. was brought up, and deferred until more motor fuel tax money was accumulated. The board estimated that the work on Spafford could be started by next spring.

The board decided to paint the old water tower and re-coat the inside.

Mayor Cunningham announced that representatives of the Lions club and board members would meet at the Village park Wednesday night to discuss plans for improving the park.

Garden Club Plants Flowers on Main St.

The containers for flowers on Main St., the project of the Antioch Garden Club for the beautification of Antioch, were set out Tuesday.

Garden Club members planted flowers in the round white concrete containers Wednesday morning. Merchants along the street will be asked to keep them watered.

The Garden Club hopes to add containers each year, branching out to other streets in the business section of town.

Jaycees Plan Party

The public is invited to a party Saturday night, June 22, at the Dee-Gee Lounge and Gino's Picnic Grounds.

The party is sponsored by the Lake Region Jaycees. Only couples will be admitted. The party will start at 7 p.m. There will be swimming, dancing, boat rides and free food.

Jaycees Look For Queen of Festival

Applicants for the title of "Miss Lake Region" seem to be few this year.

The Beauty Queen of the Jaycee-sponsored Summer Festival will be named as the crowning event of Festival events.

A reproduction of the entry blank for the contest will be found elsewhere in this paper. Entry blanks can be obtained at the Antioch News office.

The Jaycees will be able to furnish sponsors for the beauty candidates.

Joe Allen, chairman of the Festival committee, has been forced to resign his position. He leaves for Iowa and a new home and job on July 1.

Paul Ferris's Celebrate Golden Wedding Anniversary

Several parties marked the golden wedding anniversary of Mr. and Mrs. Paul M. Ferris, of Beach Grove Road, Lake Marie, on June 4.

A dinner party was held at the Stage Stop in Wilmot, Wis., on the date of their wedding, for members of the family.

Mr. and Mrs. Ferris drove from their home to the Lake Marie Camp grounds in a horse-drawn, 82-year-old surrey to attend the second party, a pot-luck supper.

On June 9, the couple held Open House at their home from 2 to 5 p.m.

Mr. and Mrs. Ferris were married on June 4, 1913, in Zanesville, Ohio, at the St. James Episcopal Church. The maid of honor, Mrs. Nonie L. Horn Erdenberger of Mansfield, Ohio, was unable to attend the fiftieth wedding anniversary celebration. The best man, Charles A. Rosa of Zanesville, brother of Mrs. Ferris, attended with Mrs. Rosa.

Mr. and Mrs. Ferris have resided on their farm on Beach Grove Road since 1913. They have four children: Charles Ferris and Mrs. Maynard (Marjorie) Schneider, both of Antioch; Mrs. Raymond (Dorothy) Gyzinski, Melrose Park; and Mrs. Arthur (Ruth) Hermanson of Waukegan. There are nine grandchildren.

Mr. Ferris is a past governor of Waukegan Moose Lodge. Mrs. Ferris is a past matron of Antioch chapter of the Order of the Eastern Star.

New Accident Insurance

A new automobile insurance law was authorized under Senate Bill 360 and signed by Governor Keener recently. The new law becomes effective July 1. It provides that all automobile insurance policies written in this state must offer the insurance buyer financial protection against death or injury caused by a financially irresponsible driver.

The insurance is not compulsory, but will be automatically included in the buyer's package unless he specifies otherwise.

Insurance companies applauded this new coverage. They feel compulsory insurance has failed to work out in the states that have tried it, and this is the best solution to the problem.

The new coverage, called UM, is comparatively cheap. The cost ranges from \$2.00 to \$4.00.

The new law at least protects the responsible driver from finding himself faced with huge medical or burial bills, which he must pay because he had the misfortune to be involved in an accident where the driver at fault was uninsured and financially irresponsible.

Courthouse Notebook

BY LOU DURKIN

There has been little speculation about it, but it is beginning to appear that a special session of the Illinois General Assembly will be necessary to complete the legislation needed to implement the judicial reforms broadly outlined in the blue ballot referendum of last fall.

Many of the legislators are becoming disenchanted with the provisions of the judicial amendment revision as approved by the voters and have found some flaws and sources of irritation.

Some legislation has already been introduced, but the legislature seems to be a long way from agreement.

With scores of other important matters still pending such as the Sunday closing law, re-apportionment or enabling legislation for at-large election of the representatives and state senators, a final decision on the future of the Illinois Public Aid Commission, particularly as it applies to Cook County, and other equally thorny problems, June 30 should see much work still to be done.

Incidentally Majority Leader W. J. Murphy's suggestion that candidates for the legislature be obliged to throw \$500 into the campaign kitty sounds like a move to keep the present membership intact.

This seems eminently unfair inasmuch as the present membership has shown a distinct inability to get the job done on legislative redistricting.

The Tavern Owners Assn. of Lake County is going to continue its push for local

and state legislation that would limit liquor licenses to tavern and liquor stores eliminating super markets and drug stores from the retail sale of liquor.

Although the price cutting policies of the big grocery and drug chains undoubtedly hurt the local operators, the association is basing its fight on better control of sales to minors if the liquor sales are confined to those businesses doing 51 percent or more of their sales in liquor.

According to Association President Al Skokie preliminary studies indicate that much of the illegal purchase of liquor is done through the supermarkets, "but every time a minor is arrested the inference is that he got the liquor at a tavern or liquor store."

The association has sent resolutions calling for adoption of the legislation to all communities in the county, but most of them have received the resolution and placed it on file.

County Board Chairman Robert Dickson, who has been urging legislation that would halt the march of small "zoning" communities had better cast an eye on Hickory Corners, Rtes. 45 and 173, where residents are talking election.

Mentioned as probable candidates for Mayor of Hickory Corners are Joe Stenek, Mark Turner and Elmer Kruse.

Kruse appears a good bet since Stenek and Turner would split the tavern vote while he would have the fruit stand support undivided.

The New York Mets could understandably suffer a severe blow to their morale if they knew that County Coroner Mickey Babcox was taking an active role in the Jay Hook Day Celebration planning.

Hook, a former Grayslake High baseball star who has made it big with the National League Mets, will be the main attraction at the July 1 celebration being planned by neighbors, friends, and a smattering of relatives.

If Casey Stengel joins the visitors newspapers in the area had better send their political writers or other double talk specialists to cover his words of wisdom.

Lake County assumes a cosmopolitan, metropolitan air this week with the opening of The Key, a private key club patterned after similar operations in the big cities.

Your Governor Reports

by OTTO KERNER

The June graduation season each year brings countless young men and women into the mainstream of American life where the opportunities to bring further greatness to our country await their leadership.

Graduation from a university means not only bright opportunities for successful and happy careers, but the responsibility to participate in the various and vital missions history has handed this nation.

The challenge is great. Domestically, we are charged with strengthening our democracy, bringing our nation to new heights of prosperity and continuing the fight against illiteracy, poverty and disease. We have unfinished business to complete—the campaign for equal opportunities for each and every citizen.

In our relations with the world, we have the responsibility of defending freedom and carrying the torch of liberty to every nook of the earth. This nation is the hope of the world and its greatest instrument of peace.

This nation has a magnificent legacy, and an even more magnificent future. Our university graduates of

today have a responsibility to help lead our country into the promises of the future.

The burdens are heavy, but we must not avoid them. President Kennedy put it this way:

"We sometimes chafe at the burden of our obligations, the complexity of our decisions, the agony of our choices. But there is no comfort or security for us in evasion, no solution in abdication, no relief in irresponsibility."

M. S. Drive Plans Award

A Hope Chest award symbolic of the M. S. Hope Chest Drive will be presented to the top marcher for the current M. S. door-to-door campaign, according to John F. Milliken, campaign chairman for the Chicago Chapter National Multiple Sclerosis Society.

The Board of Trustees of the Chapter voted to present this award to the person who turns in the highest kit in the Metropolitan area (Cook, DuPage, Will, Kane and Lake counties). This is in addition to the 2 reserved seats for the August 17 Yankee-Sox baseball game, which will be given to the highest marcher in each community. This is the third year tickets have been donated to the Chapter by a friend.

National Sports Chairman for the 1963 Hope Chest campaign is Gil Hodges, newly appointed manager of the Washington Senators baseball club.

Funds raised in the current campaign will be used to support an outpatient clinic at Northwestern University Medical Clinics, which is available to anyone in this area regardless of race, creed or color who is a victim of multiple sclerosis. Support is also given to the National research program designed to find the cause and cure of M. S. Current national projects in the Chicago area are at the University of Chicago and Northwestern University.

Persons desiring clinic or campaign information may call the Chapter office Harrison 7-2250.

The year 1963 will mark the 100th anniversary of the birth of Henry Ford. His name is probably the best-known name in America. It's doubtful if any of our presidents, including the late Franklin D. Roosevelt, enjoy the easy identification of the multitudes as does the founder of the Ford Motor Co.

The Ford Co., of course, is celebrating the centennial of the birth of the man who founded the company. A series of events throughout the year, both here and abroad, will remind people that Henry Ford was born 100 years ago.

Ford, very possibly, had more effect on the life of the common man in the U. S. than any other single person. His production of the "Tin Lizzie" put the common man on wheels. Vacations, travel, better-paying jobs farther from home, all made possible with easily-available cars, changed the way of life of a nation. Next to books, perhaps the car does more, today, to produce equality of opportunity than any other factor.

Not content with producing a practical working car, Henry Ford again revolutionized American life when he introduced the assembly line, as a means of manufacturing a car at a price within the reach of all. The assembly line, now a standard practice in American factories meant good-paying jobs for unskilled labor, more money in the pockets of the buying public, and cheaper products of all types available to the average man.

People who worry about school "drop-outs" can take heart from the life of Henry Ford. He was a poor scholar, like his idol, Thomas A. Edison. He never learned to spell correctly, to read easily or to express himself well in writing. But he was a master of mechanical logic. He could glance at a machine, and understand how it worked, knew the purpose of every gear or wheel.

Mechanics were his passion and his dream, and he sometimes worked all night on his current engine. He translated his dream into reality and brought new dreams to life for many men. It's a far cry from the utilitarian, comparatively slow Ford that ran off the first assembly lines, to the sleek, luxurious, speedy car of today. Today's car and our fast-moving way of life might never have been without the persistence and mechanical genius of Henry Ford.

Over here in this corner, or somewhere on this page, with a maximum amount of regularity, we hope, will appear this ad.

And don't any of you folks start calling it a column. It's true we have tried our hand at any number of things, just as all merchants do, judging beauty contests, canning pickles, serving on committees, busting the charms of our town to people who live in other cities while we are on buying trips, filling our store with the newest and latest merchandise, and we think it might be fun to chat with you about it.

You can expect this in the form of a column; however, we do not pretend to be in the League with Dorothy Kilgallen, Earl Wilson, Winchell or even Annie Mae (Altha we do have our days). We just simply want to drop a few observations now and then on what goes on in the fashion world, of course, if somebody makes headlines, we might contribute our two-cents' worth regarding the matter, whatever it happens to be. But truthfully speaking... THIS IS AN AD... we have to pay for it... and we want the opportunity to talk to you.

For instance, no doubt you have read about and seen pictures of the suits which will be worn to the moon. It has to carry enough oxygen to last for ten days, must be insulated for temperatures from 215°F. in the daytime to 250 below at night. Must be thick enough to protect one from 20 feet of dust and have room enough to carry food inside for several days.

We have always had a romantic feeling about the man in the moon and we don't think he is going to like this suit... let's face it... it will make one look a dozen times your normal size. For the time being, we will stay right here on earth and be satisfied with the old adage... "distance lends enchantment".

And speaking of suits, if you want real satisfaction and wearability, just try on one of the new Swim Suits by Rose Marie Reid in sizes 7 to 40. They are to be worn on this earth but are out of this world in look! Smartly designed, never a wrinkle. All you have to do is try one on, we have a lovely collection and would like nothing better than have you see them today. And now that you know THIS IS AN AD, we hope you will be watching for it and we will be waiting to serve you at

Family Plan At College

When Miss Cody Diane Sweet received her bachelor of science degree from Northwestern University June 16, she was following an old family custom.

Miss Sweet (600 Locust, Wilmette), represents one of several generations of her family to study at Northwestern. It all began with Eli R. Lewis, her great-grandfather, who was a Northwestern student when the Civil War began. He left school to become a colonel in the Union army.

At the end of the war, the colonel's son, Ralph Lewis, enrolled in the NU School of Oratory (now speech) and, after graduation, portrayed Gov. Stevenson in the Griffith film production of "Birth of a Nation." Later he shared movie billings with such well known stars as Rudolph Valentino, Lillian Gish and Douglas Fairbanks.

Miss Sweet's uncle, Ralph L. Sweet, a member of the class of 1928, studied business administration here under a scholarship that resulted from a donation E. R. Lewis made to the university in the 1880's.

Dorothy Jane Sweet, daughter of R. L. Sweet, who is now a retired executive of Armour & Co., studied under the scholarship and was awarded a liberal arts degree in 1957. She is now associated with Pan American in New York.

Miss Sweet, who majored in speech, is the last family member to use the scholarship, which has now terminated.

Art Fair In McHenry

The seventh annual County Art Fair, to be held at the Junior High School in McHenry June 21, 22 and 23, will present the largest number of artists ever to exhibit in a single show in this part of the state.

The exhibit is open to McHenry County residents. Some of the art work will be for sale.

In addition to the art exhibit, the Art Fair will present folk singers from the area.

A committee is a device for dividing responsibility and postponing action. —Nuggets.

DEATH NOTICES

EMIL HELLBERG

Emil Hellberg, 75, of Rt. 2, Box 47, Antioch, died Friday evening at Victory Memorial Hospital after a brief illness. Born in Sweden Jan. 14, 1888, he came to America in 1923, settling in Antioch five years ago, retiring as a plumber from Chicago.

He married Marie Brunk Dec. 3, 1922 in Stockholm, Sweden. He was a member of the Plumbers' Union, local 130, the Vestmanlands Club in Chicago, and the Svea lodge in Kenosha. Survivors are his wife, Marie, one daughter, Mrs. Walter (Alice) Johnson and three grandchildren. Two sisters and one brother of Sweden also survive.

Services were held Monday, at 1 p.m., at the Colonial Funeral Home with Rev. Alvin Pinko of Christ Lutheran Church of Salem, Wis., officiating. Interment was in Liberty cemetery.

MR. JAMES H. TURNOCK

Mr. James H. Turnock, 69 years old, of Camp Lake, Wis., passed away Thursday, June 13, at 5:30 a.m. in Kenosha Hospital where he was admitted on Tuesday, June 11. He was born May 13, 1894 in Glen Ellyn, Ill., and moved to Evanston at the age of two years. He practiced law in Evanston for 15 years. He moved to Chicago where he was in the stock and bond business for two years. He then worked for 3 years with the War Production Board during World War II. He worked with the Veterans' Administration for 25 years until retiring in 1959 to move to Camp Lake, Wis. While in Camp Lake he operated a real estate business. Mr. Turnock held membership in the Board of Realtors of Kenosha County. He was a member of and service officer for Schultz-Hahn American Legion Post No. 293, at Silver Lake.

He married Marie Gill on Sept. 25, 1929 in Chicago. His survivors are his wife Marie, 1 son, Dr. James H. Turnock, Jr., of Washington, D. C., who is working with the space to the moon program under Dr. Webb; two daughters, Mrs. Earl (Natalie) Chubbuck, Lisbon, Portugal, whose husband is manager of the Voice of America Radio for Portugal, and Mrs. John (Grace) Utley, of Evanston, Ill., whose husband is a sales representative with a steel company.

Funeral services were held at 3:30 p.m. on Saturday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was in Liberty cemetery north of Antioch.

MRS. META E. KEHOE

Mrs. Meta E. Kehoe, 66 years old of Cross Lake near Antioch, passed away suddenly at 11:30 a.m. on Wednesday, June 12, while shopping in Antioch. She was born July 21, 1896, in Chicago where she resided until moving to Cross Lake in 1948. Meta E. Bandemer married Martin F. Kehoe at Chicago on Oct. 3, 1917. She held membership in Peace Evangelical Lutheran Church at Wilmette.

Survivors are her husband, Martin F. Kehoe, Cross Lake; two daughters, Mrs. Henry (Doris) Alderson, Joliet, Ill., Mrs. Anthony (Evelyn) Zelms, Phoenix, Ariz., 1 brother, Erwin Bandemer, Fort Wayne, Ind.; two sisters, Mrs. Otto (Martha) Bohman, Chicago, and Mrs. Ed. (Elsie) Bohman, Maywood, Ill., and four grandchildren.

Funeral services were held at 1:30 p.m. on Saturday at the Peace Ev. Lutheran Church in Wilmette, with interment in Liberty Cemetery north of Antioch. Rev. George Enderle, the pastor of Peace Ev. Lutheran Church officiated at the services.

Friends were able to call at the Strang Funeral Home in Antioch after 7 p. m. on Thursday.

GRACE YOUNG, KATHY LESSARD AND SUE GORLITZ practice some of the tips they learned at a summer course in How To Be A Cheerleader.

Study How To Lead Cheers

Grace Young, Kathy Lessard and Sue Gorlitz of Antioch High School were among approximately 900 cheerleaders from Illinois and surrounding states taking part in the 10th annual summer cheerleader school at Illinois State Normal University June 9-14, 16-21 and 23-28.

The 300 students on campus for each of the three weeks receive instruction from L. R. Herklimer of Dallas, Texas, director of the National Cheerleaders Association, and his staff of instructors. The students are housed in a university residence hall and attend sessions in gymnasiums and auditoriums as well as on campus. Sportsmanship and crowd control are emphasized throughout the instruction, as well as cheerleading techniques, pep rallies, beginning stunts and tumbling, and novelty yells and songs.

Sooner or later the frequent speeder encounters a half-raising emergency which convinces him there is no percentage in trying to outdistance the law of averages.

THE ANTIOCH NEWS, 9 THURSDAY, JUNE 20, 1963

Unfortunately for many speeders the emergency which convinces, also proves fatal.

Sullivan Snaps String Of Stillman Wins

Race-loving, hard-charging Jim Sullivan of Antioch won the 35 lap feature at the Kenosha County Speedway in Wilmot Saturday night and stopped the string of victories at six for Ed Stillman of Milwaukee, the 1962 track champion. Stillman had earlier passed Sullivan and was second but far back of Bill Strom of Milwaukee when his clutch went out, retiring him from the race. Second in the feature in a night that saw everything from fired up engines to

three wheeled cars, was Ken Helden of Barrington followed by Strom, Bill Shouters of Waukegan and Ron Larson of Racine. Jim Lawrence of Bristol started off leading the feature and he lost his lead to Strom who looked like the winner until his car slowed with engine trouble. It was at this point that Sullivan took the lead but from appearances it was Fran Seamars of Milwaukee who shot by both Sullivan and Strom and was thought to be the

leader. Officials scoring showed though, that Seamars had been in an early tangle with Bill Bohn of Bristol and lost a lap so Sullivan was the eventual winner. Steve Stevens' car from Druce Lake was twice on fire in the feature. The first time he went into the pits and had it quickly extinguished and returned to the race. On the second time he retired. Ron Larson lost a wheel with only three laps to go and finished up fifth on three wheels.

The 15 lap was a real crasher as Greg Umick of Kenosha spun coming out of the fourth corner, catching Fred Reynolds, who skidded into the wall. Bob Layland came into Umick and tore off a wheel before grinding to a stop. At this point the red flag came out and restart was in order. However, only 15 cars were able to resume out of 26 that had started. Bay Darnell and Gordy Gorman both spun while trying to take the lead leaving it to Dick Vanderspool of Grayslake who took the checker ahead of Jr. Dodd, Herman Seamars and Russ Sorenson.

McHENRY ACE WINS SPECTATOR FEATURE

Dick Alsen of McHenry set fast time, won his ten lap heat race and then came back to grab the win in a tough battle of spectator cars for the feature race. Both wins came after the long grind to the front from a last starting position. It marked his second feature race win and his third feature of the 1963 season.

The first 10 lap race for the spectator cars went to Pop Kline of Pell Lake, Wis., after taking the lead from Ron Miller in a 1958 Pontiac. Pop Kline in the 1957 Oldsmobile was able to stretch out his lead and finish ahead of Harley Wilkenson of Silver Lake and Jim Newland of Libertyville.

The second 10 lap race, which was won by Alsen, saw Bob Donovan take the lead only to get into a tangle in the upper turn that saw five cars block the track making it necessary to stop the

Babe Ruths Try Out

The final workout for prospective baseballers for the Babe Ruth league teams has been scheduled for Friday, June 21, at the Antioch High School diamond.

All boys, 13 to 15 years of age who wish to play are invited to attend and tryout. The first game of the new league will be Saturday, June 22 at 2 p.m. in Fox Lake. A team sponsored by the John Teresi Chevrolet and Oldsmobile Company will take the field against the Fox Lake team No. 1 in the opener.

At the same time, the Antioch Merchants sponsored team will host the Fox Lake unit No. 2 in a game scheduled for the Antioch High School field.

The coaching staff is not yet complete and officials of the league have asked that anyone who has time available and would enjoy working with the boys attend one of the scheduled games or practices

JIM SULLIVAN OF ANTIOCH broke Stillman's winning streak at the Wilmot race tracks last Saturday night in No. 91. No. 91 has a '65 Corvette engine in a '24 Dodge body. Jim's been racing at Wilmot race track since he got out of the Navy in 1961. He scored another near-win Sunday night when he came in second at Waukegan Speedway.

New Track Record Set As Stock Cars Tangle

Johnny Reimer of Caldon, Wis., became the first modified driver to win two features at the Waukegan Speedway in the 1963 season. Starting from the eighth row, Reimer was consistently working his way up thru the pack when the leader, Ken Helden of Barrington, flipped three times and was out of the event. Bob Karry, Waukegan, and Bay Darnell, Deerfield had tangled just ahead of Helden; Ted Schuster bumped into their cars which caused Helden to go into his sensational crash, even though the race was restarted, the electric clocks showed a new 30-lap track record of 9:04.00. The old record was established in 1958 at 9:23.17 by Milt Curcio of Racine.

Don Sorce of Milwaukee was leading after the re-start and was shoved out of the event on the final lap by Reimer. Jim Sullivan finished second; Bill Strom, Milwaukee; third; Roger Otto, fourth; Jim Olet, fifth and Bay Darnell, sixth.

Gino Wagner won a crash-filled Sportsman feature race in 10:52.10 with Jerry Hantz, second and Eddie Smith, third. Tommy Dill of Zion crashed into the wall and Jim Ford, Bobby Huxhold and Jerry Thompson involved in a three-way crash.

Andy Anderson won the first "thrill track" event on Saturday night. The thrill drivers were such a success, track manager Mike Kaishian plans to continue "thrill racing" each week. Thirty cars are expected to appear on the unorthodox course next Saturday night, he stated.

Tommy Dill of Zion and Bob Dugan of Waukegan shared the spotlight at Waukegan Speedway Saturday night as each man won a feature race. Dugan, pushing his late model Ford across the line ahead of Dan Kopshe, Milwaukee; Ray Dixon, Gurnee, and "Mal" Malek of Waukegan. Time on the late model feature was lost because of a re-start after "Whitey" Hacker flipped his car in between Number one and two corners. The car caught fire but an alert infield official doused the flames with CO2. Finishing fifth and sixth were Eddie and O'Dell Jones, the racing brothers.

In the Sportsman feature

Jim Cossman was second over the line just ahead of Gino Wagner of Cudahy. Gino Wagner won the Sportsman Trophy dash in 2:29.63 with Jim Cossman and Zynda in second and third spots. Bob Dugan copped the late model trophy dash ahead of O'Dell Jones and Dan Kopshe. Time, 1:34.42.

Softball League Led By Hensley Motors

By Bill Ferris

The 1963 softball season opened at Golfview Monday night, June 10, with Golfview whipping Pine Oaks 35 to 9. Mgr. Fred Dodge of the Badgers had all of his artillery blasting off with 6 hits by Jerry Fox in 6 trips to the plate; 4 hits by Gene Hummel, Fox Fox, Ken Kube and Hadj Snarski; 4 hits by Ken Nicpon, Mike Clrone and Ed Kunze. Ken Nicpon and Ken Kube hit Home Runs.

The losing Pine Oaks team had Elmer Prell the top hitter, with 3-hits in 4 trips to the plate. Pete Gaertner and his brother, George, each had 2 hits. The winning pitcher was Hadj Snarski, and the loser was Paul Breski. The umpire in charge was Bernie Gunty.

Tuesday night saw Hensley Motors beat Lyons & Ryan 10 to 9 in a close one. Jim Hofer was the big bat for the winners with 3 hits in 4 trips to the plate.

Joe Flashner belted a pair of doubles. For Lyons & Ryan Dick Wolf had 3 hits with Dud Sheehan and Frank Foley getting 2 each.

Winning pitcher was Ronny Wild and the loser was Rich Drazewski.

Wednesday night Hensley Motors won its second straight by defeating Pine Oaks in another close one, 8 to 6. Mgr. Denny Flaschner of Hensley Motors led the team to victory with 3 hits and drove in 4 runs. Ronny Wild was the winning pitcher, his second win.

Pine Oaks, who on Monday took a real sound whipping, made a real battle of this one with Rich Weir getting a double and two triples. The losing pitcher was Al Smith, his first loss.

On Thursday evening,

Jim Ford took another Sportsman heat with Don Demry second and "Kookie" Ketchum of Crystal Lake in third. In the next heat, Burgan was the front runner with Eddie Smith and K. Sadowski third. Time: 2:40:80. Late model heat winner was O'Dell Jones with Ray Dixon second and Malek third in 3:22.00.

Pine Oaks suffered their third loss in a row as Lyons & Ryan led byl Mgr. Rich Drazewski won 23 to 14. Dud Sheehan blasted a pair of home runs. Rich Drazewski had a perfect night with 2 singles, a triple, a home run and drew a base on balls. Russ Cote had himself a single, double and home run along with 2 bases on balls. Dud Sheehan drove in 5 runs and Russ Cote drove in 5. Frank Foley was the winning pitcher.

Ray Partipilo also had 3 hits for the winners. Daryl Sullivan, who after the game was named the new manager of Pine Oaks, replacing Al Smith, had a good night with 3 doubles. Len Rigo got 3 hits for the losers. Paul Preski suffered his 2nd loss on the mound.

News of Lakes ports

What's
By Harry H. Stern

YOU DON'T HAVE TO HUNT THE BULL TO SHOOT IT.

From the sublime to the ridiculous Dept.—or, What's That Blod-Broad Doing Up There? We all know about the crowded living conditions in Russia and the lack of privacy, but going into orbit to get it— isn't that overdoing the bit?

Bill Brook and Ted Larson are back from that trip up to the Lake of the Woods. There was no high finance involved—just a plain, every day, run of the mill, garden variety fishing trip, and the catching was good. Lots of smallmouth bass, walleyes and northerners. And to make it good, Ted landed two big mud-cats (bullheads, Annie, honey) using a Spin-fn and a Mops spinner, while Bill got one on a jig. This is quite unusual and the first time I've heard of this brand of fish being caught way up in that country. The question now arises: is the south moving north, or versa visa?

To prove how little a guy has to know about fishing to catch a basket-ful up there, Ted, to get out of washing the breakfast dishes) slipped out and caught fifteen smallmouths in no time at all. It's enough to take the fun out of fishing—Yeah! yeah!

Bill saw lots of, Mallard,

Widgeon and Goldeneye, with their broods, so if things stay good up there we should see lots of ducks this fall. That's right, I said SEE not SHOOT.

You're a success when you own the smallest car and the largest power mower in the neighborhood.

I oozed into Gibbs & Jensen (man, do they have the classy duds) to see what a Spin-fn looks like. Ray didn't have, but he showed me a new one by Creek Chub, named CRAY-ZY FISH. It seems the bald-headed gents with the big horn rimmed spectacles, in their research department studied the cray-

Antioch News Mixed Doubles Tourney Ends

The 1963 Antioch News Mixed Doubles ended last Sunday with the 1376 score rolled by Helen Barnes and Hank Kapell standing up to win the tournament. A trophy donated by the Antioch News and \$100.00 are the first-place winnings. Helen scored for second,

place, too with another partner, George Schaefer. Third place went to Judi Murray and Tom Adams.

The doubles tournament has been running since May 11, and closed on June 16. In that time, a little over 100 couples bowled in the tournament.

Helen and Hank rolled 1227 actual for the winning score. Their handicap of 149 pins brought the total up to 1376. Helen rolled a blazing 621 and Hank a 606, with a 277 game.

Jet Engine Dragster To Race At Union Grove

Here is another first for the Great Lakes Dragaway, Union Grove, Wis. On Sunday, June 23, a jet-engine Dragster, called the "Untouchable," will race against the "National Champion," nitro-fuel Dragster, "Vampire," in a best two, out of three match race. This will be the first time in the Midwest that a jet Dragster will race in actual competition against another machine.

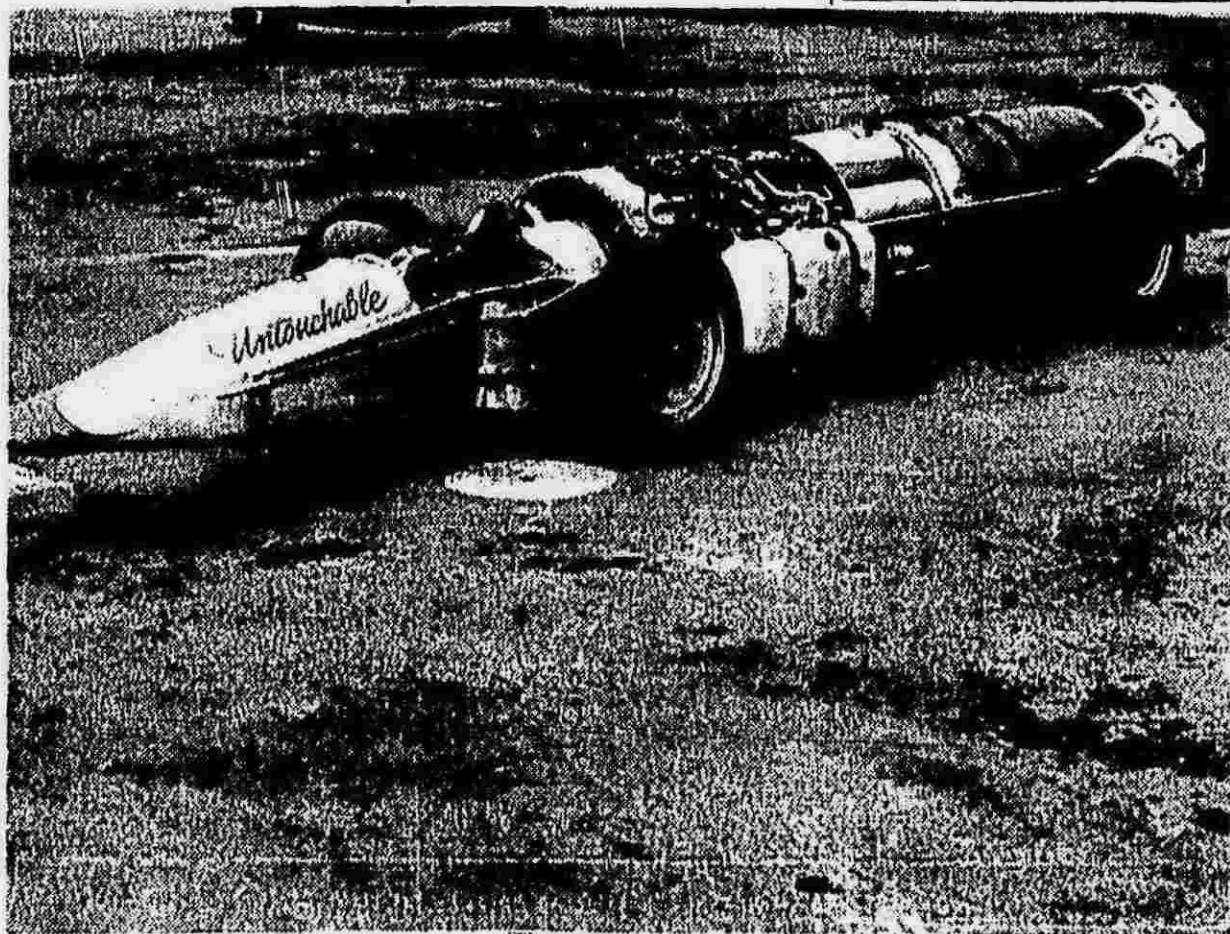

This jet is the world's fastest Dragster, and has reached a speed of 259.36 mph in a 1/4 mile from a standing start! It has achieved this speed and covered the 1/4 mile distance in the unbelievable time of only 6 1/2 seconds—over a second faster than any other Dragster ever built.

The jet was built by Romeo Palamedides of Oakland, California, and is driven by

Bob Smith of Santa Clara, California. It is powered by a J47-17, General Electric 10,000 horsepower jet engine, which was used exclusively in the F-86 Sabre-jet fighter plane.

The Dragster is 31 feet long, and has 10,000 lbs. of thrust at full throttle. Three parachutes (two 16 footers and one 24 footer) are required to help stop the Monster. It burns JP-4 jet fuel and uses about 25 gallons for the quarter mile. The weight is approximately 5,000 pounds.

The driver, Bob Smith, is required to take a special jet pilot physical and alertness test every six months, for insurance purposes. Control of this fantastic machine depends upon the quick reactions of the drivers, both in starting and stopping.

This Jet-powered dragster will race at Union Grove.

BOATING WITH BOWMAN

A FEW PRECAUTIONS CAN PREVENT MARINE THEFTS

By Hank Bowman
(Courtesy Sequoia Harbor)

When I was 10 years old, my prized possession was a canoe. It was already older than I was when I bought it. Yet the 10 footer with its crazed channel, flaked here and there down to the canvas, represented nearly an entire vacation period spent moving it.

The next summer I practically lived on the water. I took several week-long camping trips, paddled nearly daily with a couple of my buddies out to a secret island for picnics and all-day swimming sessions.

Then my water world collapsed around me for some skunk stole my canoe.

I never recovered it and to this day I think the lowest form of stealing, even lower than pilfering poor boxes, is boat and motor thievery.

The theft of marine equipment, particularly smaller outboard motors and boats, is becoming as prevalent as automobile larceny.

The easiest mark for the marine thief is the boat tied to a mooring off shore. Unless the owner has taken precautions, the thief unties the mooring, sets the boat adrift and moves off to a reasonable distance to see if the untethered target has aroused the attention of anyone on shore.

If not, the rest of the job is simple. He tosses away the boat, removes the motor and any other portable gear of value and moves on to the next victim.

Use a section of chain permanently secured to the pick-up ring on your mooring buoy. Padlock the chain to the towing eye of your boat.

Keep boat cabins locked when you aren't aboard. The outboarder should buy one of the patented locks that fit over the screw clamps of the motor bracket. Nothing short of cutting away the transom or hack sawing the bracket will pry loose the motor. Owners of electric starting outboards or inboards should not leave ignition keys in locks.

Some outboard owners remove a spark plug or two. This has its drawbacks as moisture can get into the cylinders and cause damage. The idea is sound, however. I know an owner who makes a practice of pulling out at an even ten pounds. Esos lucius must have been on a diet, because at this size he should have gone at least fifteen pounds. However, Ed's scales don't lie (I'm building up your reputation, Ed), so that's that. The r.s. man didn't leave his name the needed it, but he did admit he caught Esos in Lake Catherine. Go, men!

Pitches Dodgers To First Win of Year

Ted DeBoer, with some help from Jeff Wagner pitched the Dodgers to their first victory of the Little League season Wednesday at the Little League park. The Dodgers out hit the Sox 1, to 8 to gain a 7 to 6 victory. DeBoer also had 3 for 3 at the plate to aid his own cause.

Steve Dotson retained his lead in the league's batting standings by collecting 2 hits in three trips to the plate. The Dodgers stopped a 6th inning Sox rally when Bob Leake fielded a single by Gary D. Little and threw out Jim Koprić attempting to score from second on the play.

The Grunts retained their league lead in the Gray division in a game played Thursday, by trimming the Yankees 8 to 2 on 10 hits. Their record now stands at 3 victories and 1 defeat.

Rickey Nelson and Frank Zeman of the Cubs pitched their team to a 13 to 6 triumph over the Sox Friday. Jim Carlson led the Cubs at the plate with 4 base hits. Jim Rockow of the Sox was lauded for a fine fielding play.

the thief, scratch the number in an obscure spot on the motor's powerhead and inscribe the boat serial in a section of rail or under the deck or a seat. It may help to identify your equipment if it should be swiped and the thief removes the more obvious manufacturer's serial plates.

Fish for a number of years to learn everything about 'em—and then came up with this chunk of wood, rubber and hooks, to deceive the poor unsuspecting bass who is out for a snack into committing fish-kari.

And to prove that nothing succeeds like success, Ray showed me a new minnow lure which is made in Finland, which, if he hadn't told me, would have fooled me into believing it was the famous Rana lure, also made in Finland. This one is called the Palsa, and you can't tell 'em apart. Before you get all excited and steam up your glasses, they don't sell for less—there's no reason why they should—(who said that?)

Ole Mathison just came back from a fishing jaunt up to Leech Lake in northern Minnesota, and all he could show for his efforts were limits of good size walleyes, northerns and really big perch (hey Mathison! are you listening?) Leech Lake is a great big round hole, and is alright if you like to fish in a great big round hole. I prefer a lake with lots of arms and bays, to add a little mystery to fishing.

Ole is one of those guys who was raised out here on the Point (Indian, that is) where he worked like blazes so's he could live in Chicago, where he worked like blazes so's he could come back to live out here on the Point (Indian...).

MORE—Some "round-shouldered" gent brought a thirty-seven inch northern in to Sorenson's bait & Bull MHI Saturday and it weighed out at an even ten pounds. Esos lucius must have been on a diet, because at this size he should have gone at least fifteen pounds. However, Ed's scales don't lie (I'm building up your reputation, Ed), so that's that. The r.s. man didn't leave his name the needed it, but he did admit he caught Esos in Lake Catherine. Go, men!

Last chance to send your dollar for the widow of the Unknown Soldier.

I took Hilda and Helen in to Charlie Haling's jernt to show 'em an odd animal that hangs there on the wall—stuffed, of course. It looks like a jack-rabbit, but it has a set of horns like a young deer. Charlie says it's a horned rabbit.

One of the girls asked him how good the fishing was on Grass Lake, and he said good. Then the other gal asked what was being caught, so he reached in the cooler and brought out a string of ten of the nicest black bass, running from two to four pounds. They're hitting real good on Grass. He also brought out a stringerful of stripers that were caught just an hour earlier—on Haling's Special Streamer fly.

Ed Smith's resort, same Lake, reports the same up in his end. So who's complaining they can't catch fish? My decision is Maybe—and that's final.

race and clear the cars before continuing. Ray Bush of Kenosha had earlier spun into the infield but was now able to continue. On the restart Newland was out in front but Dick Aissen finally took over for the win. Aissen drives a 1966 Chevrolet.

The spectator car feature saw more tangles as the lead went from Ron Hladnik at the start to Pop Kline and then Aissen. In between all of this, Dick De Groot lost a front wheel on his 1956 Buick and had to be flagged off the track. Bill Swantz of Union Grove wound up blocked on the straightaway by a stalled car that he was unable to push out of the way. Wild Bill Owens of Antioch crashed into the fence on the back stretch and was knocked unconscious as he jumped from

L.V. Little League

By Mrs. Bernice Bernau
On Wednesday, June 12 at Clark Field, Mark Harling of the Pirates, registered the first no hit, no run perfect game in league play this season as the Pirates defeated the Dodgers 11 to 0. Mark's performance was really superb as evidenced by the fact that he set the Dodgers down in order every inning. His only momentary lapse was in the third inning when he walked the first Dodger batter, who was promptly erased on a neatly executed double play, third to second to first.

Central High News
The Central High School Future Homemakers of America were represented last week at the annual convention at Green Lake, Wis.
Delegates were Linda Schmidt, chapter president; Judy Burke, recreation chairman; and Kathleen Eberle, degree chairman. Judy Burke participated in the state chorus and has been invited to sing with the FFA chorus during the State Fair in August.
These students were accompanied by their adviser, Mrs. Mary Polley, instructor in homemaking at Central High School.

Dr. W. C. Petty reports the Campaign Organization is proceeding very well. "Over 100 area captains attended an organization meeting last Monday night in Lake Villa Grade School. The entire Countrywide Program was discussed with the captains and they will now recruit members for their respective area teams." Petty also reported that two more doctors, B. H. Berke, D.D.S., and R. C. Bielek, D.D.S., have joined the Medical Advisory Board.
There will be a Recap meeting next Monday night, June 24, at 7:30 p.m., at Campaign Headquarters, 100 So. Milwaukee, Lake Villa. This meeting will be for Area Chairmen and their captains who were not able to attend the June 17th meeting.

It's Barbecue Season
This is the barbecue season. And practically every man in the U.S. who is completely helpless before a kitchen range, piles briquets on the grill, sprinkles starter fluid with a lavish hand, and happily cremates \$5.00 worth of meat.
If this happy ruination of good food MUST go on—and outdoor cooking having become sort of a status symbol, it seems it must—wo might as well, hopefully, pass on a few tips on proper outdoor cooking, just in case you should ever feel moved to share your flavorful vlands with us. In this case, chicken is the subject of the day.
URBANA—The secret behind juicy, well-done charcoal-broiled chicken is slow, even cooking. And, according to Hugh Johnson, University of Illinois extension poultry science specialist, you don't need a lot of charcoal to do the job right.
Charcoal briquets, placed one deep and about one inch apart will give off plenty of even heat. Also, to prevent burning, keep the chicken as far from the fire as possible. On most home barbecue outfits, this distance is 10 to 14 inches, says Johnson.
Choose whole broilers that weigh between 2 1/2 and 3 pounds. You can either split them yourself or have the butcher do it. But is more convenient to charcoal broil half a chicken (split lengthwise) than the pieces or whole bird.
Turn the chicken often to avoid overcooking the outside. Blistered skin is a warning that the chicken is getting too hot. Generally, it's necessary to turn it every five minutes or so. For a handy, safe and sanitary way to handle the chicken, wear clean white canvas gloves.
Whether you use butter or barbecue sauce for basting depends on your taste. But, whichever substance you use, baste immediately after turning the bird to allow the substance to cook in. If you baste and then turn, you waste much of the liquid.
Make sure the chicken is thoroughly done before you take it off the fire. Normally it takes from 1 to 1 1/2 hours to complete the cooking. To test for doneness, grasp the thigh joint between your thumb and index finger. With your other hand, turn the leg bone. If it rotates easily, the chicken is done.

Swimming Tips Of Red Cross
1. If you can't swim, take lessons. If you swim a little, learn how to swim better.
2. Always swim with a "buddy" who can help if you get into trouble.
3. Respect the water and know your limitations.
4. Wait an hour after eating before swimming. Do not swim while overheated or overtired.
5. Swim in a safe place and in the presence of lifeguards. Stay away from the area immediately in front of the diving board and do not swim near piers and pilings.
6. Be sure rescue equipment such as buoys, boats, and reaching poles are readily available at all swimming areas.
7. In case of trouble, assume a face-up floating position, keep your hands under water, slowly move your feet up and down, and move your hands in a gentle circular motion.
8. Whenever a storm approaches, get out of the water—it is a conductor of electricity.
9. For long distances, always swim with a "buddy" parallel to the shore or with a companion in an accompanying boat.
A dead stop could be the means of saving your life. Many serious intersection accidents have occurred as a result of failure to make a complete stop where required. Don't be a stop sign creeper.

Test Fitness Of 4-H's
Lake County Agricultural 4-H Club members will devote June 19 to the interest of the HEALTH-II. On this day the members will undergo a series of tests to determine their fitness, according to Ray T. Nicholas, Lake County Farm Adviser.
Two specialists from the University of Illinois will conduct the tests which will be made starting at 9 a.m. on Wednesday, June 19.
A number of local 4-H Club leaders and parents of members will assist the specialists in conducting the tests, each member will receive a growth chart and set of scores indicating his level of fitness. All Agricultural 4-H Club members are invited to take these tests.
Many Lake County 4-H Club members will compete June 26 starting at 6:30 p.m. for the prized honor of representing Lake County in the State Public Speaking Contest in August. 4-H members will speak on topics of their own choosing with each speech lasting about six minutes.
Each speaker will receive a blue or green ribbon depending on the quality of the speech. The outstanding boy and girl will receive two gold filled medals and the right to compete for state honors.

Topics for Today's Women

Roach-Burda Wedding

Margaret A. Roach, daughter of Mr. and Mrs. John A. Roach of 282 Bridgewood Drive, Antioch, became the bride of Thomas M. Burda, the son of Mr. and Mrs. Walter Adamski of Lake Villa on Saturday, May 18.

The ceremony was held at St. Peter's church in Antioch with the Rev. Father Lawrence Hanley officiating. The bride was given in marriage by her father.

The bride wore a classic gown of satin brocade. The shoulder-length veil of silk illusion was held with a princess crown of pearls. The bride carried three white cattleya orchids with stephanotis.

The matron of honor, Mrs. Henry Apostol, and the bridesmaid, Miss Jane Huber, wore turquoise sheaths with cummerbunds and overskirts, and wore turquoise pillboxes. They carried white snowdrift cascade bouquets with a few turquoise flowers and white ribbons.

A reception was held at Pasadena Gardens after the ceremony, and the couple left on a honeymoon trip to Florida.

New Church Will Be Built in Lindenhurst

The members of Trinity Evangelical United Brethren Church of Lindenhurst have approved plans for their new church which is to be constructed at the corner of Beck Road and Valley Drive, in Lindenhurst.

The church, designed by Architect Norman Werner of Glenview, Ill., will consist of a sanctuary, Christian education wing that will also serve as a Fellowship Hall, and a Pastor's Study.

According to the Pastor, The Rev. Thomas E. Lowery, the groundbreaking service is set for sometime in July. Actual construction of the church is expected to take about four months.

Trinity Church, which will celebrate its second anniversary on September 8th, elected its building committee last September. The members of the building committee are Paul Blomquist, chairman; Tony Antonacci, Richard Gorski, Andrew Clawson, and the pastor.

The Evangelical United Brethren Church has been assigned to the village of Lindenhurst by the Comity Commission of the Church Federation of Greater Chicago and the Illinois Council of Churches.

The congregation presently worships at the B. J. Hooper School in Lindenhurst.

Camp Pendleton, Calif. (FHTNC) — Marine Private First Class Larry H. Hildinger, son of Mr. and Mrs. Carl Hildinger of Route 2, Lindenhurst, Ill., recently completed "look-on" training, six weeks of intensive training which progresses from basic fire team and squad tactics to complex company and battalion maneuvers with the First Marine Division at Camp Pendleton, Calif.

Memphis, Tenn. (FHTNC) — Daniel S. Elichek, musician second class, USN, son of Mr. and Mrs. Steven W. Elichek of 335 Depot St., Antioch, Ill., was advanced to his present rate May 16, while serving with the staff of Rear Admiral Joseph C. Chilton, USN, Chief of Naval Air Technical Training, Memphis, Tenn.

Memphis, Tenn. (FHTNC) — Daniel S. Elichek, musician second class, USN, son of Mr. and Mrs. Steven W. Elichek of 335 Depot St., Antioch, Ill., was advanced to his present rate May 16, while serving with the staff of Rear Admiral Joseph C. Chilton, USN, Chief of Naval Air Technical Training, Memphis, Tenn.

Pruthi McFarlin, the beloved American singer who has been called by critics the "singer with a soul and character in his voice," will appear in the morning service at the Millburn Congregational Church Sunday, June 23, at 10 o'clock. Mr. McFarlin will sing songs that most people like to hear—your favorite songs.

Having sung all over America in high schools and colleges, he is as much a favorite among young people as adults. Even though this will be a service of Sacred Music, Mr. McFarlin will take time after the service to please the youngsters by offering in his own style such humorous numbers as "The Big Brown Bear" and the "Green Eyed Dragon with the Thirteen Tails."

Miss Diane Busch, librarian at the A. T. H. S., left Antioch Saturday for her home in Gerald, Missouri.

The meeting will be at the home of Mrs. John Wagner of Windsor Terrace. Mrs. Wagner and her co-hostess, Mrs. Paul Dunlap and Mrs. Lloyd Leable, will serve luncheon, as the Workshop will be an all-day affair.

Mrs. Roulet will criticize flower arrangements made by the Garden Club members. There will also be a question and answer period.

Plan Float For Fireman's Parade

The new board of the Antioch Woman's Club made plans for a float for the Fireman's Anniversary parade at their meeting last week.

"We Aim to Serve" will be the theme of the Club's float, exemplifying their service to the Antioch pool library, the hospital fund drive and the museum. Mrs. James McMillen and Mrs. Ray Bruhn are co-chairmen of the float committee.

The Woman's Club also made plans for an ice cream social to be held on the east lawn of the Fire Station building from noon until 4:30 p.m. on Saturday, June 29. Cake, ice cream and coffee will be served.

Mrs. Janet Brook, chairman of the Salvation Army doughnut day, reported that \$189.02 was collected this year, a drop from last year's collection.

The meeting was held at the home of the Club's president, Mrs. Ted Larson.

The regular meeting of the Antioch American Legion Auxiliary Unit was held on Friday, June 14th, at the Antioch Legion Hall. Election of officers was slated for the evening after the business meeting. Donations of \$5 each to the Fire Department and the Rescue Squad were made. The following officers were then elected:

President — Mrs. Lucy Hinmens; 1st vice president — Mrs. Walter Hills; 2nd vice president — Mrs. Earl Horton; treasurer — Mrs. Lester Zitkus; historian — Mrs. Edward Jahneke; and sergeant-at-arms — Mrs. Burt Anderson.

Mrs. John L. Horan was then appointed secretary, and Mrs. F. A. Svenson, the chaplain.

Mrs. Warren Edwards, outgoing president, and Mrs. Lucy Hinmens, incoming president, were then elected delegates to the Department (State) Convention in Chicago. Mrs. John L. Horan and Mrs. Burt Anderson were elected alternates.

Mrs. Jahneke and Mrs. Edwards, District chairmen, attended the pot luck supper and district board meeting, held in the Vernon Legion Legion Home, on Tuesday, June 18th.

Several activities are planned for the young people's group this summer. On June 21, they will go to Riverview Park with the Lake Villa M. Y. F. Both groups will leave Lake Villa about 6 p.m. and return about 11 p.m.

A picnic is also being planned to which several other groups will be invited. Also in the planning stage is a Retreat or camp-out.

Stephen Cobb will be in charge of the M.Y.F. for the summer.

Newly-elected officers of the M.Y.F. of the Antioch Methodist Church are: Jim Barnstable, president; Kathy Palinski, vice president; Betty Little, secretary and treasurer, Jim Sorenson. The new officers will take over July 1.
